PRELIMINARY AMENDMENT

Assistant Commissioner for Patents  
Washington, DC 20231

September 18, 2000

Sir:

The following preliminary amendments and remarks are respectfully submitted in connection with the above-identified application.

AMENDMENTS

IN THE CLAIMS:

Please amend the claims as follows:

1. (Once Amended) A noise reduction apparatus comprising:

A  
a noise detector [ion means for] detecting a noise included in a demodulated audio signal;

a first corrector [ion means for] outputting a correction signal for correcting the noise according to a signal value existing just before and just after a predetermined period including
